THE MOST TALKED OF INSTRUMENTAL PIECE OF RECENT YEARS

"SABBATH CHIMES"

THE GREATEST NOVELTY COMPOSITION
ON THE MARKET

Insist on getting "SABBATH CHIMES," by F. Henri Klickmann

THIS wonderfully clever little piece has caused more favorable talk and comment than any piece of music published in recent years. The clever arrangement of the chords, when properly played, give an exact imitation of church chimes. If you heard this piece played at a little distance you would be willing to wager that it was being played on church bells; the effect is so wonderful.

Be the first in your circle of friends to get this piece, get it learned to perfection, and we promise you, you will cause a genuine sensation the first time you play it for your friends.

We show you below little bits of three of the movements of "SABBATH CHIMES." Try them over and then be sure you get a complete copy at the earliest possible moment.

To obtain the proper "Chimes" effect, strike each chord firmly and keep loud pedal down throughout.

A SONG THAT WILL START YOU THINKING

“THINKING”

SELDOM, if ever, has a song met with such instantaneous favor as has this song “Thinking.” From the very first time it was sung in public it’s success was assured. The publishers were receiving orders long before the printed copies were ready to be placed on sale. It has proved to be one of those “natural” hits that you hear about every once in a while.

There is something so sweet and appealing in both the words and the music and they seem to fit each other so admirably that after you have played the chorus over once or twice you can readily appreciate why the sale

of this song has been so tremendous.

Not only has it had an enormous sale in sheet music, but the sales of Phonograph Records, Player Piano Rolls, and Band and Orchestra music has almost established new sales records.

“Thinking” is destined to be one of the most sung and best liked tunes in America and if it isn’t already in your music collection we suggest you secure a copy the very next time you’re near a music counter.

CHORUS *Tenderly*
